

# Data Collection System (DCS) December 2022 Updates

# Brief Overview

The Data Collection System (DCS) is used by RUS Electric Distribution and Power Supply Borrowers to submit their financial and operating reports and upload their audits.

Telecom Borrowers with no ReConnect, Broadband Initiatives Program, or Farm Bill awards continue to use DCS, while Telecom Borrowers with these awards now report in the new ReConnect Reporting and Compliance (R&C) system.

On August 17, 2020, Microsoft announced that it will no longer be supporting Internet Explorer (IE) version 11 software under certain versions of Windows 10 effective June 15, 2022. DCS has been updated to function under both Microsoft Edge and Google Chrome.

This update necessitated the replacement of the screens utilizing a “grid” component similar to a table view. The data entry point on each “grid” screen has been replaced with a simpler data-entry pop-up window. The look and feel of DCS has not changed for the majority of the DCS screens.

# DCS Screen Changes

The following DCS Distribution and Power Supply “grid” screens have been replaced with a data-entry pop-up window:

## **Distribution**

Part K: kWh Purchased And Total Cost  
Part L: Long-Term Leases  
Part N: Long-Term Debt and Debt Service Requirements  
Part Q Section I: Investments  
Part Q Section II: Loan Guarantees  
Part Q Section IV: Loans

## **Power Supply**

Part b SE: Sales of Electricity  
Part b PP: Purchased Power  
Part c RE: Renewable Generating Plant Summary  
Parts d - g: Generating Units (Section A: Total Plant & Borrower’s Share)  
Part h: Section F: Sub Section I: Investments  
Part h: Section F: Sub Section II: Loan Guarantees  
Part h: Section F: Sub Section IV: Loans  
Part h: Section H: Long-Term Debt and Debt Service Requirements  
Part h: Section K: Long-Term Leases  
Part i: Section B: Facilities In Service

# DCS Screen Changes (cont.)

On each of the replaced “Grid” screens the following updates have been made:

- New Pop-up Window for Data Entry
- Revised User Instructions at the top of each screen
- New process for saving a record – Double Save
- Revised Delete checkbox column
- New Sort Option on all applicable columns
- New location to view Comments

# Instructions: Double Save

Instructions on the “grid” screens:

*Click the “Copy Forward” button to carry over data from the prior year submission.*

To add a row, click the “Add New Row” button and follow the instructions on the pop-up window.

To modify a row, click within the row and follow the instructions on the pop-up window.

To delete a row, click the delete checkbox (X) at the beginning of the row.

**You must also click the [Save\*] button below after adding, modifying, or deleting any row(s).**

*Click on the column header to sort.*

Instructions on the pop-up window:

Enter data and click the “Save” button to update.

**Also click the “Save\*” button on the previous screen to complete the save.**

Click the “Exit” button to return to the previous screen without saving.

# Double Save Example – First Save

## Part b SE: Sales of Electricity

- Enter data and click the “Save” button to update.
- Also click the “Save” button on the previous screen to complete the save.
- Click the “Exit” button to return to the previous screen without saving.
