- (3) **A site visit by the Agency may be scheduled, if necessary, to determine the scope of the review.**
 - (4) **Applications for Technical Assistance or Planning Projects are generally excluded from the environmental review process by 7 CFR [1970.53](#) provided the assistance is not related to the development of a specific site. However, as further specified in 7 CFR [1970.53](#), the grantee for a Technical Assistance grant, in the process of providing Technical Assistance, must consider the potential environmental impacts of the recommendations provided to the recipient of the Technical Assistance as requested by the Agency and in accordance with 7 CFR [part 1970](#).**

The Agency staff will advise prospective recipients of grants to consider the potential environmental impacts of their applications at the earliest planning stages and develop plans, grants, and projects that minimize the potential to adversely impact the environment.*
 - (8) *The Environmental Justice and Civil Rights Impact findings must be certified by agency staff on Form RD 2006-38, "Environmental Justice and Civil Rights Impact Analysis and Certification" and included in the applicant's case file along with all applicable attachments to support the assessment. The applicant is responsible for ensuring that the contractor complies with these requirements.
- (b) **Architectural barriers.** All facilities financed with Zero- Interest Loans that are open to the public or in which persons may be employed or reside must be designed, constructed, or altered to be readily accessible to and usable by disabled persons. - (d) **Drug-free workplace.** Grants made under these programs are subject to the requirements contained in 2 CFR [chapter IV](#) which implements the Drug-Free Workplace Act. RBDG recipients will be required to certify that it will

establish and make a good faith effort to maintain a drug-free workplace program.

- (g) **Restrictions on lobbying.** The restrictions and requirements imposed by [31 U.S.C. 1352](#), and 2 CFR [chapter IV](#), are applicable to these programs.

- (i) **Affirmative fair housing.** If applicable, the grantee will be required to comply with the Affirmative Fair Housing Act ([42 U.S.C. 3601-3631](#) and 24 CFR [part 100](#)).
- (j) **Flood hazard insurance.** The RBDG program is subject to the National Flood Insurance Act of 1968 and the Flood Disaster Protection Act of 1973, as amended by [42 U.S.C. 4001-4129](#) and 7 CFR part 1806, [subpart B](#).
- (k) **Uniform administrative requirements, cost principles, and audit requirements for Federal awards.** The requirements of 2 CFR [chapter IV](#), or its successor regulations are applicable to this program.
- (l) **Planning and performing construction and other development.** The requirements of 7 CFR part 1924, [subpart A](#), or its successor regulations, are applicable to this program.
- (m) **Transparency Act.** The requirements of 2 CFR [part 170](#) are applicable to this program.
- (n) *Conflicts of interest.* *The applicable requirements of 2 CFR [400](#), or its successor regulations are applicable to this program.*
 - (1) *In regards to conflict of interest or the appearance of a conflict of interest and in accordance with 2 CFR [400](#), safeguards will be established to prohibit*

- employees (includes but not limited to local, State, Federal Government or nonprofit corporations) from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.*
- (2) *The members of the intermediary/grantee governing body, members of the board of directors, or governing board of the RLF, members of its lending board or loan committee and employees of a department or authority that operates or provides administrative services of the RLF, including immediate family, may not hold any legal or financial interest or influence in the third-party recipient.*
- (3) *To meet the requirements of the regulations, a public body or Indian tribe that applies for an RLF program loan, must in its application, describe its organizational structure and its structure for the administration of the RLF. The intermediary/grantee should have a distinct lending committee and list of dedicated employees by position. In this instance, those members of the board, lending committee, and separate employment duties, are prevented by conflict of interest to be allowed to be the third party recipient.*
- (4) *As an example, the tribe or public body may have an economic development authority or business development department organized under the tribe or public body to administer the RLF. The detailed description of the structure of the authority or department would be included in the approved Lender's Manual, and will include policies and procedures and separation of duties to ensure no conflicts of interest. An employee of a department, separate from the administration of the RLF and their immediate family, may be eligible third party recipients. An employee of the financial department responsible for collection of RLF loan payments and their immediate family are ineligible third party recipients.*
- (5) *An intermediary/grantee organized as an Indian tribe may make RLF loans to entities owned by its tribe only if the entity is organized and governed independently from the tribe. An example of a tribal entity that is an eligible third party recipient is a business organized as a corporation, incorporated and wholly-owned by the tribe and the corporation's board of directors is initially appointed by the tribe, but governed by the corporation independently of the tribe. Tribal entities governed under the Tribal Government are not eligible third party recipients of an RLF administered by its tribe. (Such entities may be eligible third party recipients of the RLF administered by other intermediaries/grantees.)*

(6) Any changes to the lending department must be reflected in the Lender's Manual and approved by the Agency prior to any change.

§§ 4280.412 – 4280.414 [Reserved]

Rural Business Development Grants

§ 4280.415 Rural Business Development Grants.

Sections [4280.416](#) through [4280.439](#) identify the provisions that the Agency will use for making awards for Rural Business Development Grants.

Eligibility

§ 4280.416 Applicant eligibility.

To receive an RBDG under this subpart, an applicant must meet the requirements specified in paragraphs (a) through (e) of this section. If an award is made to an applicant, that applicant (grantee) must continue to meet the requirements specified in this section. If the grantee does not, then grant funds may be recovered from the grantee by the Agency in accordance with Departmental Regulations.

(a) Type of applicant. The Applicant must be one of the following:

(1) A public Body/Government Entity;

(2) An Indian Tribe; or

(3) A Nonprofit entity.

(4) *These entities must serve rural areas.*

(5) *This is to clarify eligibility with respect to Credit Unions. There has been a presumption that credit unions were defined as cooperatives as organized under the Federal Credit Union Act. It has been brought to the attention of the*

Agency that credit unions may be properly organized as either a private nonprofit corporation or a cooperative. Thus, credit unions could be eligible for the RBDG program, depending upon the exact nature of their organizational structure. If a Federal credit union is deemed an eligible grantee, and the credit union is seeking to use the grant for a revolving loan fund, you must further examine the characterization of the borrowers, the ultimate recipients of the loan funds. Again, the Federal Credit Union Act limits credit unions to making loans to its members, other credit unions, and to other credit union organizations. It must be clear from the grant application that the credit union has members that would be eligible ultimate recipients.

- (6) *Cooperatives are not eligible unless organized as a private nonprofit corporation. Unless advised otherwise by your Regional Attorney, Office of the General Counsel (OGC), you should request their opinion that: (1) the credit union is eligible and has authority to administer the proposed grant as intended; (2) proposed RBDG purpose is eligible; and (3) the credit union has the authority (in its organizational documents) to make loans for eligible RBDG purposes.*

(b) Financial strength and expertise. The Applicant must have sufficient financial strength and expertise in activities proposed in the application to ensure accomplishment of the described activities and objectives.

- (1) **Financial strength will be analyzed by the Agency based on financial data provided in the application. The analysis will consider the applicant's tangible net worth, which must be positive, and whether the applicant has dependable sources of revenue or a successful history of raising revenue sufficient to meet cash requirements.**
- (2) **Expertise will be analyzed by the Agency based on the applicant staff's training and experience in activities similar to those proposed in the application and, if consultants will be used, on the staff's experience in choosing and supervising consultants.** *Examples of documentation would be employee or consultant resumes, certified statements from other projects they have completed and previous work experience which would be similar to the proposed project. If the applicant chooses to contract out the technical assistance, the grantee will still be responsible to ensure that the scope of work will be completed in accordance with the application.*

(c) Universal identifier and system for awards management. Unless exempt under 2 CFR [25.110](#), the Applicant must:

- (1) **Be registered in the System for Awards Management (SAM) prior to submitting an application;**

- (2) **Maintain an active SAM registration with current information at all times during which it has an active Federal award or an application under consideration by the Agency; and**
- (3) **Provide its Dun and Bradstreet Data Universal Numbering System (DUNS) number in each application it submits to the Agency. Generally, the DUNS number is included on Standard Form (SF) 424, “Application for Federal Assistance.” *The DUNS number has been replaced by the Unique Entity Identifier (UEI) number for SAM effective April 4, 2022. The Applicant should provide a UEI number instead of a DUNS number in each application it submits to the Agency. All existing and new SAM registrants have been assigned a UEI.***
- (d) **Delinquent debt. The applicant must not have any delinquent debt to the Federal Government. If an applicant has any delinquent debt to the Federal Government, the applicant will be ineligible to receive any funds obligated under this subpart until the debt has been paid.**
- (e) **Legal authority and responsibility. Each Applicant must have the legal authority necessary to apply for and carry out the purpose of the grant.**

§ 4280.417 Project eligibility.

For a Project to be eligible for funding under this subpart, the proposed Project must meet each of the requirements specified in paragraphs (a) through (e) of this section.

- (a) **Types of projects. Grant funds may be used for Projects identified in either paragraph (a)(1) of this section, business opportunity type grants, or paragraph (a)(2) of this section, business enterprise type grants. Unless otherwise announced in a Notice of Solicitation of Applications, the Agency will set aside 10 percent of its RBDG appropriation for business opportunity type grants. The Agency reserves the right to reallocate funds set aside for business opportunity type grants to business enterprise type grants if it becomes apparent to the Agency that there is insufficient demand for the funds set aside for the business opportunity type grants. *Grant applicants need to identify whether they are applying as a business opportunity or a business enterprise type grant.***
- (1) **Business opportunity Projects. Grant funds may be used for business opportunity Projects that include one or more of the following activities:**
 - (i) **Identify and analyze business opportunities that will use local rural materials or human resources. This includes opportunities in export**

markets, as well as feasibility and business plan studies. This includes but is not limited to asset mapping for economic development;

- (ii) **Identify, train, and provide Technical Assistance to existing or prospective rural entrepreneurs and managers;**
 - (iii) **Establish Business Support Centers and otherwise assist in the creation of new Rural businesses;**
 - (iv) **Conduct local community or multi-county Economic Development Planning;**
 - (v) **Conduct leadership development training of existing or prospective adult rural entrepreneurs and managers;**
 - (vi) **Establish centers for training, technology, and trade that will provide training to Rural businesses in the utilization of interactive communications technologies to develop international trade opportunities and markets; or**
 - (vii) **Pay reasonable fees and charges for professional services necessary to conduct the Technical Assistance, training, or planning functions.**
- (2) **Business enterprise projects. Grant funds may be used to finance and/or develop Small and Emerging Businesses in Rural Areas including, but not limited to, the following activities:**
- (i) **Acquisition and development of land, easements and rights-of-way;**
 - (A) *RD staff should ensure that this purpose is to specifically assist small and emerging business enterprises, not to provide land for residential housing.*
 - (B) *Through the revolving loan program, a construction company may receive a loan from a grantee to expand its construction business. It is not acceptable to use RBDG funds to finance housing for residents; Rural Development has other programs in place for site development and residential housing. The RBDG should not be used to duplicate other Rural Development program purposes.*
 - (ii) **Construction, conversion, enlargement, repairs or modernization of buildings, plants, machinery, equipment, access streets and roads, parking areas, utilities, and pollution control and abatement facilities;**

(iii) Provision of loans for startup operating cost and working capital;

(A) *Since the instruction specifically states “loans,” RD staff should ensure that the grantee must loan the funds to a small and emerging business enterprise for startup operating costs and working capital. “Pass-through” grants are not an allowable purpose for the RBDG program.*

(B) *In addition, RBDG funds cannot be used by the grantee for the grantee’s own startup costs or working capital. However, the grantee can use grant funds for salaries and expenses directly related to providing technical assistance or training to small and emerging business enterprises.*

(iv) Reasonable fees and charges for professional services necessary for the planning and development of the Project. *Professional services are services similar to architectural, engineering or legal. Application packaging cost are not permitted;*

(v) Establishment of a revolving loan fund to provide financial assistance to third parties through a loan; and

(vi) Establishment, expansion, and operation of Rural distance learning networks or development of Rural learning programs that provide educational instruction or job training instruction related to potential employment or job advancements for adult students. *This includes but it not limited to workforce development training; or*

(vii) Provision of Technical Assistance for Small and Emerging Businesses, including but not limited to feasibility studies and business plans; and/or

(A) *RD staff will ensure that information such as where the project will be located and the anticipated results of the successful grant implementation will be documented.*

(B) *Applications for grants to provide financial assistance to third party recipients (revolving loan funds) requires agency employees to complete a Class II environmental assessment prior to grant approval. Also, after the grant is approved, each third party project will have an environmental assessment completed until all Federal funds have been used. Revolved funds are not subject to this requirement.*

(C) *Based upon the eligible purposes outlined in this Instruction, agency staff will ensure that RBDG funds are not used to purchase portions of*

loans or interest in loans already made and closed by a lending institution. When the grantee makes a request to provide financial assistance to third parties through a loan, the grantee must use RBDG funds to establish a revolving loan program. This does not preclude the joint financing of a third-party loan, through the revolving loan program, with other credit sources.

- (viii) **Provision of Technical Assistance and training to rural communities for the purpose of improving passenger transportation services or facilities.**

(ix) *Loan participations. The purchase of a participation in a loan shall be considered a loan to an Ultimate Recipient for the purposes of RBDG revolving loan funds. It is the Agency's position that a grantee may sell participation or purchase a participation in a loan using the RBDG revolving loan fund.*

(b) Result of projects.

- (1) **For business opportunity type grants, the Project must have a reasonable prospect that the Project will result in the Economic Development of a Rural Area.**
- (2) **For business enterprise type grants, the Project must have a reasonable prospect that it will result in the development or financing of Small and Emerging Businesses.**

(c) **Basis for success or failure. Grants may be made only when the application demonstrates a need for the Project and includes a basis for determining the success or failure of the Project and individual major elements of the Project and outlines procedures that will be taken to assess the Project's impact at its conclusion.**

(d) **Local and area-wide strategic plans. Business opportunity type grants may be made only when the proposed Project is consistent with any local and area-wide strategic plans for community and Economic Development, coordinated with other Economic Development activities in the Project area, and consistent with any Rural Development State Strategic Plan.**

(e) **An applicant is permitted to use up to 10 percent of the amount provided under this subpart to construct, improve, or acquire broadband infrastructure related to the project financed, subject to the requirements of 7 CFR part 1980, [subpart M](#).**

§§ 4280.418 – 4280.420 [Reserved]

Funding Provisions

§ 4280.421 Term requirement.

A grant may be considered for the amount needed to assist with the completion of a proposed Project, provided that the Project can reasonably be expected to be completed within 1 full year after it has begun. *The project is considered to begin on the date of obligation. In those rare instances when the project is not completed within the 12 month period, the State may extend the project for a second year upon the request of the grantee prior to the 12 month period ending. The State Office must be able to determine that the project will be completed within the allotted extension.*

§ 4280.422 Joint funding.

To the extent permitted by law, Agency grant funds may be used jointly and in proportion with funds furnished by the grantee or from other sources including Agency loan funds.

§ 4280.423 Ineligible uses of grant funds.

Grant funds may not be used towards any of the uses identified in paragraphs (a) through (n) of this section.

- (a) Duplicate current services or substitute support previously provided. If the current service is inadequate, however, grant funds may be used to expand the level of effort or services beyond what is currently being provided.**
- (b) Pay costs of preparing the application package for funding under this program or any other program.**
- (c) Pay costs for any expenses incurred prior to receipt of a full application, except for those permitted under Departmental Regulations.**
 - (1) *Agency employees should refer to 2 CFR [200.407](#) when grantee is requesting reimbursement for cost incurred prior to receipt of a full application. If the Agency has not given written approval to the grantee prior to the receipt of a full application, these costs will not be reimbursable. It is the Agency's policy not to grant prior written approval for any cost incurred prior to 90 days before the receipt of a full application.***
- (d) Fund political activities.**

- (e) Pay for assistance to any private business enterprise which does not create and/or support jobs in the United States.**
- (f) Pay any judgment or debt owed to the United States.**
- (g) Fund Agriculture Production either directly or through horizontally integrated livestock operations except for commercial nurseries, timber operations or limited Agricultural Production related to Technical Assistance Projects. The following are not considered Agriculture Production:**
 - (1) Aquaculture, including conservation, development, and utilization of water for aquaculture;**
 - (2) Commercial fishing;**
 - (3) Commercial nurseries engaged in the production of ornamental plants and trees and other nursery products such as bulbs, flowers, shrubbery, flower and vegetable seeds, sod, and the growing of plants from seed to the transplant stage;**
 - (4) Forestry, which includes businesses primarily engaged in the operation of timber tracts, tree farms, and forest nurseries and related activities such as reforestation; or**
 - (5) The growing of mushrooms or hydroponics.**
- (h) To finance comprehensive area-wide type Planning. This does not preclude the use of grant funds for Planning for a given Project.**
- (i) To make loans when the rates, terms and charges for those loans are not reasonable or would be for purposes not eligible under 7 CFR part 4274 [subpart D](#).**
- (j) For programs operated by cable television systems. *However, rural local non-profit entities that produce television programs to provide information on issues of importance to farmers and rural residents are eligible.***
- (k) To fund a part of a Project that is dependent on other funding unless there is a firm commitment of the other funding to ensure completion of the Project.**
- (l) To pay for Technical Assistance that duplicates assistance provided to implement an action plan funded by the Forest Service (FS) under the**

National Forest-Dependent Rural Communities Economic Diversification Act for 5 continuous years from the date of grant approval by the FS. To avoid duplicate assistance, the grantee shall coordinate with FS and the Agency to ascertain if a grant has been made in a substantially similar geographical or defined local area in a State for Technical Assistance under the FS program. The grantee will provide documentation to FS and the Agency regarding the contact with each agency.

- (m) Pass through grants. Pass through grants are for, but not limited to:**
- (1) The purchase, refurbishing, or remodeling of real estate for use as a business incubator without charging a fair market rental;**
 - (2) The purchase of equipment for use by an ultimate recipient without charging a fair market rental; and**
 - (3) The making of a Revolving Loan Fund (RLF) loan without taking appropriate security to reasonably assure repayment of the loan.**
 - (4) Since the RBDG program is designed to promote economic development, for the purposes of this regulation the Agency will consider market rent to be anything equivalent to or above straight line depreciation as identified in the IRS rules and regulations. The program income received from these rents may be used to maintain and possibly replace the original items funded by the grant. This process should not be considered a pass through since it is more than a nominal value, but significantly less than the grantee would pay under commercial circumstances.*
- (n) For a Project that would result in the transfer of existing employment or business activity more than 25 miles from its existing location.**

§§ 4280.424 – 4280.426 [Reserved]

Processing and Scoring Applications

§ 4280.434 General processing and scoring provisions.

The Agency will review each application for assistance in accordance with the priorities established in [§ 4280.435](#). The Agency will assign each application a priority rating and will select applications for funding based on the priority ratings and the total funds available to the program.

- (a) **Applications.** The Agency will score each application based on the information contained in the application and its supporting information. All applications submitted for funding must contain sufficient information to permit the Agency to complete a thorough priority rating. *Agency employees may not consider any information not provided by the applicant in writing for scoring purposes.*
- (b) **Unfunded applications.** The Agency will notify eligible applicants if funds are not available. If an applicant wishes to have their application maintained in an active file for future consideration, the applicant must revise and update their application in writing for the Agency to reconsider in a future funding cycle. *Agency employees will notify unsuccessful applicants who did not receive funding due to insufficient funds in writing that their application will not be funded. The potential grantee will be permitted to respond in writing that they wish their application to be reconsidered in future funding cycles. The applicant at this time, may provide additional updated information to be considered in future funding cycles.*

§ 4280.435 Scoring criteria.

The Agency will use the criteria in this section to score applications for purposes identified under [§ 4280.417\(a\)\(1\)](#) and (2).

State Directors should refer to the project selection criteria scoresheet which provides selection process for projects and outlines how discretionary points can be used to provide points to ensure geographical distribution within the State as well as providing assistance for economically distressed areas and areas which have been declared disaster areas. Once all points are decided, the RBDG projects received by the State established due date must be funded in order of highest score to lowest score. States should publish funding cycle due dates by which RBDG applications should be received in either the State or Area Office. These due dates should be posted on the State Rural Development Web site as well as in widely distributed public media throughout the State. Once the due date has passed, all completed applications should be scored including the assigned discretionary points for those projects eligible for discretionary points. The projects should be ranked in order from highest to lowest. When the next lower scoring project has requested more funding than the remaining State allocation, the State Office should approach the potential grantee and offer the remaining funds if the grantee can split or reduce the Scope of Work to make a viable project, the remaining funds should be awarded to this grantee. However, if the grantee

cannot make a viable project with the offered funds, then the State may move to the next project in line for funding consideration and continue to fund projects until all State allocations have been depleted. The project which was passed over, due to insufficient funds, will become the State's first choice for the National Office Reserve funding cycle.

In accordance with RD Instruction 1940-L, section 1940.589(j), the State Director has the option to suballocate to District (Area) Offices. Suballocations must be conducted in accordance with section 1940.552(j) of RD Instruction 1940-L.

(a) Leveraging. If the grant will fund a critical element of a larger program of Economic Development, without which the overall program either could not proceed or would be far less effective, or if the program to be assisted by the grant will also be partially funded from other sources, points will be awarded as follows. If points are awarded for leveraging, funds must be spent proportionally, and if leveraged funds are not utilized proportionately with the grant, the Agency reserves the right to take any legal action, including terminating the grant.

(1) If Rural Development's portion of Project funding is:

- (i) Less than 20 percent—30 points;**
- (ii) 20 but less than 50 percent—20 points;**
- (iii) 50 but less than 75 percent—10 points; or**
- (iv) 75 percent or more-0 points.**

(2) [Reserved]

(b) Points will be awarded for each of the following criteria met by the community or communities that will receive the benefit of the grant. However, regardless of the mathematical total of points indicated by paragraphs (b)(1) through (b)(4) of this section, total points awarded under paragraph (b) must not exceed 40.

(1) Trauma. Experiencing trauma due to a major natural disaster that occurred not more than 3 years prior to the filing of the application for assistance—15 points;

(2) Economic distress. The community has suffered a loss of 20 percent or more in their total jobs caused by the closure of a military facility or other employers within the last 3 years—15 points;

(3) Long-term poverty. Has experienced Long-Term poverty as demonstrated by being a former Rural empowerment zone, Rural economic area partnership zone, Rural enterprise community, champion

community, or a persistent poverty county as determined by USDA's Economic Research Service—10 points;

- (4) **Population decline. Has experienced Long-Term population decline—10 points as demonstrated by the latest three decennial censuses.**

(c) **Population. Proposed Project(s) will be located in a community of:**

(1) **Under 5,000 population—15 points;**

(2) **Between 5,000 and less than 15,000 population—10 points; or**

(3) **Between 15,000 and 25,000 population—5 points.**

When the project serves multiple locations or large geographical areas such as a county, the population should be determined by the largest eligible community in the area to be served and awards points accordingly.

(d) **Unemployment. Proposed Project(s) will be located in areas where the unemployment rate:**

(1) **exceeds the State rate by 25 percent or more—20 points;**

(2) **exceeds the State rate by less than 25 percent—10 points; or**

(3) **is equal to or less than the State rate—0 points.**

When the project covers multi-locations or larger geographical areas such as one or two counties and specific data is not available for the geographic region, a weighted average based on the population for the project area will be used to determine these points.

(e) **Median household income. Proposed Project(s) will be located in areas where Median Household Income (MHI) as prescribed by section 673(2) of the Community Services Block Grant Act for a family of 4 for the State is:**

(1) **Less than poverty line—25 points;**

(2) **More than poverty line but less than 65 percent of State MHI—15 points;**

(3) **Between 65 and 85 percent of State MHI—10 points; or**

(4) **Greater than 85 percent State MHI—0 points.**

When the project covers multi-locations or larger geographical areas such as one or two counties and specific data is not available for the geographic region, a weighted average based on the population for the project area will be used to determine these points.

(f) Experience. Applicant has evidence of successful experience in the type of activity:

- (1) 10 or more years-30 points;**
- (2) At least 5 but less than 10 years-20 points;**
- (3) At least 3 but less than 5 years-10 points; or**
- (4) At least 1 but less than 3 years-5 points.**

Evidence of successful experience may be a description of experience supplied and certified by the applicant based upon its current employees' resumes.

(g) Small business start-up or expansion. Applicant has evidence that small business development will be supported by startup or expansion as a result of the activities to be carried out under the grant. Written evidence of commitment by a small, or a Small and Emerging Business must be provided to the Agency, and should include the number of jobs that will be supported and created. —5 points for each letter up to 25 points. *Generic or duplicated letters are not acceptable, letters must address the specific business producing the letter, the connection to the project activities and further provide information relative to jobs to meet the criteria below.*

(h) Jobs created or supported. The anticipated development, expansion, or furtherance of business enterprises as a result of the proposed Project will create and/or support existing jobs associated with the affected businesses. The number of jobs must be evidenced by a written commitment from the business to be assisted.

- (1) one job for less than \$5,000-25 points;**
- (2) one job for \$5,000 but less than \$10,000-20 points;**
- (3) one job for \$10,000 but less than \$15,000-15 points;**
- (4) one job for \$15,000 but less than \$20,000-10 points; or**
- (5) one job for \$20,000 but less than \$25,000-5 points.**

(i) Size of grant request. Grant Projects utilizing funds available under this subpart of:

- (1) less than \$100,000—25 points;**
- (2) \$100,000 to \$200,000—15 points; or**

(3) more than \$200,000 but not more than \$500,000—10 points.

(j) **Indirect cost.** Applicant is not requesting grant funds to cover their administrative or indirect costs-5 points.

(k) **Discretionary points.** Either the State Director or Administrator may assign up to 50 discretionary points to an application. Assignment of discretionary points must include a written justification. Permissible justifications are geographic distribution of funds, special Secretary of Agriculture initiatives such as Priority Communities, or a state’s strategic goals. Discretionary points may only be assigned to initial grants. However, in the case where two Projects have the same score, the State Director may add one point to the Project that best fits the State’s strategic plan regardless of whether the Project is an initial or subsequent grant.

Since Congress mandated that the RBDG program operate essentially the same as the former RBOG and RBEG programs, any grants received under those programs will be considered as RBDG grants for the purpose of this scoring criteria. In other words, if an applicant has previously received an RBOG grant and is currently applying for a business opportunity RBDG grant, it would be considered a subsequent grant. Similarly, if an applicant has received a technical assistance grant under the RBEG program and is applying for a technical assistance grant under the RBDG program, it would be considered a subsequent grant. In both cases, no discretionary points may be awarded.

§§ 4280.436 – 4280.438 [Reserved]

- (h) *Records retention. (2 CFR 200.333) Records must be maintained for a period of 3 years after the final expenditure report. In the case of litigation or audit findings, records must be retained until all litigation and findings have been resolved and final action taken.*

§ 4280.450 Audit requirements.

- (a) *Grantees must provide an annual audit in accordance with 2 CFR part 200 (Agency employees should refer to 2 CFR part 200, subpart F). The audit requirements apply to the years in which grant funds are received and years in which work is accomplished that will be paid for with grant funds.*

(b) *If grant expenditures do not meet the 2 CFR part [200](#) thresholds, which is currently \$750,000, then a compilation and management report will be required.*

(c) *Post close-out adjustments (2 CFR 200.[344-345](#)).*
§ 4280.451 Grant servicing.

The Agency will service grants in accordance with 7 CFR part 1951, [subparts E and O](#), 2 CFR part [200](#) and 2 CFR part [400](#) and other applicable regulations. Grantees must allow the Agency representative to perform periodic inspection of the program operations. All non-confidential information resulting from the Grantee's activities must be made available to the general public on an equal basis. 2 CFR part [200](#) is the new OMB regulation which covers both processing and servicing of grants for the entire Federal Government and therefore, the Departmental Regulations 7 CFR parts 3015, 3016, 3019 and 3052 have been rescinded as of December 26, 2014. 2 CFR part [400](#) is now the Departmental Regulation concerning conflict of interest. When considering servicing of grants, we must refer to all the regulations stated above.

(a) *Management Assistance. Grantees will be supervised as necessary to ensure that projects are completed in accordance with approved plans and specifications and that funds are expended for approved purposes. Grants made under this subpart will be administered under 2 CFR part [200](#) and 2 CFR part [400.1](#) through 400.18 and all other applicable regulations.*

(b) *Disbursement of funds. Funds not disbursed to the grantee within 42 months from the date of obligation, will be automatically deobligated. The 2014 Farm Bill mandated that Rural Development combine the RBOG and the RBEG programs into one regulation. In the congressional record, Congress indicated that they expected this combined program would operate in essentially the same manner as the programs were operated prior to this regulation taking affect. The current regulation permits an extension of up to 36 months in those circumstances where the grant for unforeseen circumstances was not completed within the 1 year time frame. Since the grantee has 90 days to submit a final progress and financial report, we have given Agency employees 90 days to review, approve and pay the final reimbursement.*

Therefore, at the end of the 42 months, any funds not reimbursed to the grantee will be deobligated automatically without appeal.

§ 4280.452 Programmatic changes.

The Grantee must obtain prior approval for any change to the scope or objectives of the approved project. If a grantee fails to obtain prior approval of changes to the scope of work or budget, the Agency may suspend, terminate, and recover the grant funds.
