## B&I LENDERS IN OREGON

### Business & Industry (B&I) Guaranteed Loan Program

#### Eligible B&I Lenders

B&I guaranteed loans can be obtained through any eligible lender who wishes to use the B&I program. Eligible lenders are: federal or state chartered banks, savings & loans, credit unions, farm credit system associations, bank-holding company mortgage companies, and insurance companies.

#### Finding a B&I Lender

- USDA does not recommend or favor any particular lender. Businesses seeking B&I financing should first contact lenders with whom they have an established banking relationship. Other lenders should also be contacted.
- The Oregon Bankers Association & Independent Community Banks of Oregon has a good list of Oregon bankers on their web site: <http://www.oregonbankers.com/members/bank-members/list/>
- Credit unions are also eligible B&I lenders, and in Oregon, and the Northwest Credit Union Association's web site is a resource: <http://www.nwcua.org/>
- Generally speaking you should direct inquiries to the lender's Government Guaranteed Lending or Small Business Administration (SBA) Department

#### Active B&I Lenders

The B&I program is growing in Oregon. Because the number of active B&I lenders is increasing all the time, no list will be exhaustive. Here are some Oregon lenders that have either used or expressed an interest in the B&I guaranteed loan program. (**Lenders in bold** made B&I loans in 2009 or 2010.)
