

USDA Electric Projects – October 13, 2011

State	Name of Borrower	Loan Amount	Project
AK	Alaska Electric Energy Cooperative, Inc.	\$150,000,000	Convert resources to combined cycle, install a new aero derivative gas-fired turbine, and build new substations.
AR	Mississippi County Electric Cooperative, Inc.	\$11,000,000	Build 34 miles of new distribution line, make improvements to 44 miles of existing distribution line, and make other system improvements. \$615,000 in smart grid projects.
AR	Craighead Electric Cooperative Corporation	\$19,400,000	Build 85 miles of new distribution line and 5 miles of transmission line, make improvements to 273 miles of existing distribution line. \$258,570 in smart grid projects.
CO	Gunnison County Electric Association, Inc.	\$7,113,000	Build 52 miles of new distribution line, make improvements to 7 miles of existing distribution line. \$1,222,665 in smart grid projects.
CO	Highline Electric Association	\$35,178,000	Build 133 miles of new distribution line and 2 miles of new transmission line, make improvements to 124 miles of existing distribution line and 29 miles of transmission line. The loan amount includes \$2,289,240 in smart grid projects.
CO, NE, NM, WY	Tri-State Generation and Transmission Association, Inc.	\$132,987,000	Build 47 miles of new transmission line and two new substations, make improvements to 115 miles of existing transmission line and seven substation upgrades. \$9,684,000 in smart grid projects.
FL	Suwannee Valley Electric Association	\$12,000,000	Build 279 miles of new distribution line, make improvements to 86 miles of existing distribution line, and make other system improvements. \$440,000 in smart grid projects.
FL,AL	PowerSouth Energy Cooperative	\$108,686,000	Transmission facilities for 15 substations, 47 miles of line, Upgrade 80 miles of line and 10 existing substations
GA	Amicalola Electric Membership Corporation	\$29,998,000	Build 218 miles of new distribution line, make improvements to 53 miles of existing distribution line, and make other system improvements. Includes \$9,402,000 in smart grid projects.
GA	Oglethorpe Power Corporation	\$492,610,000	Generation system improvement projects.

USDA Electric Projects – October 13, 2011

State	Name of Borrower	Loan Amount	Project
IN	Kankakee Valley Rural Electric Membership Assn.	\$16,700,000	Build 58 miles of distribution line, upgrade 85 miles of line and make \$157,000 in smart grid improvements.
IN	Tipmont Rural Electric Membership Corporation	\$32,000,000	Build 117 miles of new distribution line, make improvements to 246 miles of existing distribution line. \$4,155,895 in smart grid projects
IA	Humboldt County Rural Electric Cooperative	\$2,600,000	improve 12 miles of line, build 9 miles of distribution line and make \$25,000 in smart grid improvements.
IA	Butler County Rural Electric Cooperative	\$1,600,000	\$1,600,000 loan to purchase and install Automated Metering Infrastructure.
KY	Taylor County Rural Electric Cooperative Corporation	\$6,000,000	Build 58 miles of new distribution line, make improvements to 44 miles of existing distribution line, and make other system improvements. Includes \$261,612 in smart grid projects.
ME	Swans Island Electric Coopertive, Inc.	\$813,000	Build 3 miles of new distribution line, make improvements to 4 miles of existing distribution line, and make other system improvements.
ME	Fox Islands Electric Cooperative, Inc.	\$950,000	Build 4 miles of new distribution line, make improvements to 8 miles of existing distribution line, and make other system improvements. Includes \$950,000 in smart grid projects.
MN	Todd-Wadena Electric Cooperative	\$4,011,000	Build 21 miles of new distribution line, make improvements to 44 miles of existing distribution line, and make other system improvements. Includes \$133,850 in smart grid projects.
MO	Macon Electric Cooperative	\$10,000,000	Build 72 miles of new distribution line, make improvements to 25 miles of existing distribution line, and make other system improvements.
MO	Howell-Oregon Electric Cooperative, Inc.	\$23,000,000	Build 72 miles of new distribution line, make improvements to 376 miles of existing distribution line, and make other system improvements. Includes \$84,929 in smart grid projects.

USDA Electric Projects – October 13, 2011

State	Name of Borrower	Loan Amount	Project
MO	Pemiscot-Dunklin Electric Cooperative	\$3,884,000	Build 8 miles of new distribution line
MO	Tri-County Electric Cooperative Association, Inc.	\$7,110,000	Build 41 miles of new distribution line, make improvements to 39 miles of existing distribution line.
MO	Webster Electric Cooperative	\$26,477,000	Build 121 miles of new distribution line, make improvements to 36 miles of existing distribution line, and make other system improvements.
NM	Northern Rio Arriba Electric Cooperative, Inc.	\$2,456,000	Build 26 miles of new distribution line, make improvements to 9 miles of distribution line, and make other system improvements.
NC	Blue Ridge Electric Membership Corporation	\$25,000,000	Build 248 miles of new distribution line, make improvements to 88 miles of existing distribution line and 9 miles of transmission line, and make other system improvements.
NC	North Carolina Electric Membership Corporation	\$124,594,000	Capital additions and improvements to the Catawba Nuclear Stations Units 1 and 2.
ND, MN	Minnkota Power Cooperative, Inc.	\$37,000,000	Build 66 miles of transmission line, and make other system improvements. Includes \$300,000 in smart grid projects.
OH	Carroll Electric Cooperative, Inc.	\$9,000,000	Build 18 miles of new distribution line, make improvements to 46 miles of existing distribution line, and make other system improvements. Includes \$881,200 in smart grid projects.
OK	East Central Oklahoma Electric Membership Cooperative, Inc.	\$13,000,000	Build 42 miles of new distribution line

USDA Electric Projects – October 13, 2011

State	Name of Borrower	Loan Amount	Project
OK, TX	Northfork Electric Cooperative, Inc.	\$12,000,000	Funds will be used to serve 727 consumers, build 87 miles of new distribution line, make improvements to 58 miles of existing distribution line, and make other system improvements. There are no smart grid projects included in this loan.
OK	Harmon Electric Association Inc.	\$6,550,000	Build 30 miles of new distribution line, make improvements to 28 miles of existing distribution line, and make other system improvements.
OR	Harney Electric Cooperative, Inc.	\$6,244,000	Build 12 miles of new distribution line.
OR	Umatilla Electric Cooperative Association	\$15,000,000	Build 188 miles of new distribution line and 2 miles of transmission line, make improvements to 15 miles of existing distribution line and 6 miles of transmission line, and make other system improvements. The loan amount includes \$2,478,296 in smart grid projects.
PA	Central Electric Cooperative, Inc.	\$20,000,000	Build 74 miles of new distribution line, make improvements to 129 miles of existing distribution line and 7 miles of transmission line. \$745,700 in smart grid projects.
TN	Caney Fork Electric Cooperative, Inc.	\$23,000,000	Build 131 miles of new distribution line, make improvements to 102 miles of existing distribution line, and make other system improvements.
TX	Bailey County Electric Cooperative Association	\$17,392,000	Build 66 miles of new distribution line, make improvements to 31 miles of existing distribution line, and make other system improvements.
TX	Deep East Texas Electric Cooperative, Inc.	\$64,441,000	Build 251 miles of new distribution line and 15 miles of transmission line, make improvements to 72 miles of existing distribution line. \$9,970,000 in smart grid projects.

USDA Electric Projects – October 13, 2011

State	Name of Borrower	Loan Amount	Project
TX	Greenbelt Electric Cooperative, Inc.	\$7,500,000	Build 83 miles of new distribution line, make improvements to 37 miles of existing distribution line, and make other system improvements.
VA	Northern Virginia Electric Cooperative	\$90,000,000	Build a 49.9 MW biomass generation facility.
VA	National Rural Utilities Cooperative Finance Corporation (CFC)	\$499,000,000	Funds in the form of bonds will be used by CFC to furnish or improve electric service in rural areas.
VT	Washington Electric Cooperative, Inc.	\$7,400,000	Build 15 miles of new distribution line, make improvements to 28 miles of existing distribution line, and make other system improvements. Includes \$1,003,365 in smart grid projects.
WV	Harrison Rural Electrification Association, Inc.	\$3,000,000	Build 39 miles of new distribution line, make improvements to 18 miles of existing distribution line, and make other system improvements. Includes \$137,600 in smart grid projects.
WI	Jackson Electric Cooperative	\$4,200,000	Build 45 miles of new distribution line, make improvements to 28 miles of existing distribution line, and make other system improvements. Includes \$186,600 in smart grid projects.
WI	Dunn Energy Cooperative	\$7,000,000	Build 60 miles of new distribution line, make improvements to 76 miles of existing distribution line, and make other system improvements. Includes \$224,613 in smart grid projects.
WY	Carbon Power & Light, Inc.	\$9,431,000	Build 51 miles of new distribution line, make improvements to 74 miles of existing distribution line, and make other system improvements. Includes \$370,460 in smart grid projects.
WY	Niobrara Electric Association, Inc.	\$1,500,000	Build 61 miles of new distribution line, make improvements to 48 miles of existing distribution line. \$23,400 in smart grid projects.
