SUBJECT: Additional Guidance for Single Family Housing Direct
HB-1-3550 Revision PN 451 dated September 1, 2011

This unnumbered letter provides clarification and implementation policy for the revisions to Handbook-1-3550 (Handbook) issued in Procedure Notice (PN) 451 dated September 1, 2011.

The Handbook revisions published in PN 451 enhance existing guidance related to persistent issues noted in various program reviews. The primary goal of these changes is to provide field staff with complete and clear guidelines for originating, underwriting, and closing Section 502 Direct loans. The National Office recognizes that these Handbook revisions are extensive, thus creating the need for follow up guidance and supporting material. Based on the initial questions received from some State Offices, there is an immediate need to address the implementation policy for these Handbook changes and provide clarifications for technical omissions.

Handbook Revisions and the Certificate of Eligibility

The Agency will honor unexpired Certificates of Eligibility (COE) issued on or before September 1, 2011. However, the new Handbook revisions must be considered on any COE extension. For example, if the value of food stamp benefits were included in the income calculations to issue a COE before the new guidance was published, the Loan Approval Official does not have to recalculate the income and reissue a COE. However, if the COE expires, the value of food stamps must be excluded from the income calculations at the time a COE extension is issued.

EXPIRATION DATE:
September 30, 2012

FILING INSTRUCTIONS:
Housing Programs

This policy is consistent with the guidance provided in Chapter 4, Section 4.25, regarding area loan limit changes and expiring COE. This section of the Handbook states, “*COE will be honored even if loan limits change before the expiration of the commitment. Up to two 30 day extensions may be granted for applicants who demonstrate that they have been actively looking for a property. Area loan limits changes must be considered on any COE extension.*”

If an application has been submitted but a COE has not been issued, the application will be subject to the new Handbook revisions at the time the COE is issued.

Technical Omission in Chapter 4

Revisions to the income verification requirements for payments received for the care of foster children or foster adults were inadvertently omitted in this Handbook revision. Since the new guidance on Chapter 4, Section 4.3 (C), "Income Never Considered for Annual and Repayment Income", excludes payments for the care of foster children or adults, the verification requirement for "Support for Foster Children or Adults" on Section 4.3 (E), is no longer applicable for annual and repayment income calculation purposes.

Technical Omission in Chapter 8

Form RD 3550-7, “Funding Commitment and Notification of Loan Closing”, must be signed and returned to the Loan Originator within 15 days. Section 8.6 (A) (2), incorrectly states, “*The applicant must review, sign, and return Form RD 3550-7 to the Loan Originator within 14 days from the date of the form*”. When Form RD 3550-7 is printed from UniFi, the expiration date is automatically calculated by the system using 15 days from the approval date. To minimize expiration date inconsistencies, field staff must print Form RD 3550-7 from UniFi.

The National Office is working to develop supporting material and correct technical inconsistencies resulting from this PN promptly; in the meantime, we will be posting updates on the following SharePoint site:

Single Family Housing > Single Family Housing Information > Direct Program Information > HB-1-3550 > HB-3550 REVISIONS > PN 451

SUBJECT: Results of the 2011 Multi-Family Housing Annual Fair Housing Occupancy Report

We are pleased to present the 2011 Rural Development Multi-Family Housing (MFH) Annual Occupancy Report, which includes both Rural Rental Housing (RRH) Section 515 and Farm Labor Housing (FLH) Section 514 demographics. These results are based on May 2011 data from the Multi-Family Information System (MFIS).

This Report presents data from the past 3 years, comparing information from year 2009 to 2011. Attachment A is a summary of Report results. Highlights of this year's data include:

- The total number of rental properties has decreased by 1.71 percent since last year or a decrease of 276 Section 515 properties and an increase of six FLH properties. The number of rental units in the MFH portfolio has decreased by 1.71 percent. Overall, we saw a reduction of 270 properties in the past year, representing about 3,600 apartments.
- The current population shows an overall reduction in the White population. The breakdown now consists of: White, Non-Hispanic households: 68.41 percent, Black Non-Hispanic households: 18.19 percent; Hispanic households: 10.47 percent; Asian, Pacific Islander households: 0.71 percent; American Indian/Alaskan Native households: 1.42 percent; Multi-racial households: 0.80 percent.
- There was a slight decrease in very-low income households, which represent 93.63 percent of all households. Low-income households represent 5.37 percent of the total.
- Average household incomes are up to \$11,425 from \$11,364 (a .54 percent increase); the average income of Rental Assistance (RA) households increased to \$9,462 from \$9,388 (a .79 percent increase).

EXPIRATION DATE:
September 30, 2012

FILING INSTRUCTIONS:
Housing Programs

- Female-headed households continue to represent the majority of households (71.8 percent). There was no appreciable change in the percentage of elderly/disabled households vs. non-elderly but there was a slight increase in the disabled population within the elderly/disabled households.
- Overall, as a percentage of all households, since last year: the tenant characteristics show that female-headed households remained approximately the same, there are fewer elderly households, and more disabled households. Generally, over the last several years, the portfolio continues to favor elderly/handicapped versus non-elderly households.

In comparing the RRH Section 515 portfolio with the FLH Section 514 portfolio, it is interesting to note:

- FLH members per household are about twice the size of the average household in the portfolio. Average farm labor income is more than one and half times that of the average MFH portfolio household. Farm labor income for RA households, \$14,458 is significantly higher than the average RA income for the RRH portfolio, \$9,297.
- Elderly/disabled households make up 59.01 percent of the RRH portfolio, but only 16.6 percent of the FLH households.
- RA households make up 65.5 percent of the RRH portfolio and 64.1 percent of the FLH households. Both RRH and FLH showed a slight increase in RA households compared to last year. Overall, 80 percent of households receive some kind of subsidy. This is an increasing trend in the portfolio.
- White households constitute 70.5 percent of the RRH portfolio, while minorities constitute 93 percent of the FLH households.

The report also shows that we have a greater percentage of households using RA compared to last year. Rent overburdened households (those paying more than 30 percent of their income towards rent) continue to decline, though at a slower rate than 2004-2007 when the unused RA policy first went into effect in 2005, and fewer rent overburdened tenants, demonstrating continued success in our objective to utilize all available RA units.

If you have any questions, please contact Stephanie White at 202-720-1615 or Janet Stouder at 202-720-9728.

SUBJECT: Memorandum of Understanding Between the U.S. Department of Health and Human Services and Rural Development to Improve Collaboration and Strengthen the Healthcare Infrastructure in Rural Communities

Rural Development and Department of Health and Human Services (HHS) have a strong history of collaborating to help meet the health care needs of rural communities, and today's economic realities make this cooperation vital to providing improved health care services to rural communities.

To help meet the health care needs of rural America, Rural Development has entered into a Memorandum of Understanding (MOU) with HHS's Office of the National Coordinator for Health Information Technology (ONC) and Health Resources and Services Administration (HRSA). The purpose of the MOU is to pursue collaborative efforts and leverage our resources to increase the availability of capital for healthcare facilities and health information technology, with the goal of improving the accessibility and quality of medical services in rural communities.

The MOU has an effective date of August 9, 2011 and can be found on the SharePoint website.

EXPIRATION DATE:
September 30, 2012

FILING INSTRUCTIONS:
Community/Business Programs

The role of HRSA and ONC will be to work with the State Offices of Rural Health (SORH), Primary Care Associations (PCAs), Regional Extension Centers (RECs), and State Health Information Technology (HIT) Coordinators to encourage interactions with Rural Development State Office counterparts to facilitate outreach efforts. This focus will primarily be on the potential for Rural Development to support rural health providers through its Community Facilities, Rural Business, Distance Learning and Telemedicine and Community Connect programs.

The role of Rural Development State Directors, Program Directors and staff will be to work closely with their HHS counterparts, including SORH, PCAs, RECs and State HIT Coordinators, to improve collaboration to increase access to capital for rural health providers, including funding for medical equipment purchases to support HIT in rural communities.

USDA Rural Development has been and will continue to work closely with the HHS agencies concerning current developments in the financing of rural health care facilities. Working collaboratively, these agencies will focus efforts on several activities that improve access to capital, promote best practices and address programmatic and policy changes related to this MOU and help reinforce the Department's commitment to help improve the economy and quality of life in all of rural America.

If you have any questions, please contact Joseph Ben-Israel, Community Programs Director at (202) 720-1501 or at Joseph.BenIsrael@wdc.usda.gov.

Housing and Community Facilities Programs

SUBJECT: Program Loan Cost Expense Funds
FY 2012 Allocations and Requirements
Under the Credit Reform Act of 1990

The Office of Management and Budget (OMB) has approved this year's apportionment of **recoverable** Direct Loan Financing and Liquidating Program Loan Cost Expense (PLCE) funds for Rural Development Housing and Community Facilities Programs. Your State's annual FY 2012 Direct Loan Financing Account and initial Liquidating Account allocations are provided in Attachment 1. Your State's Direct Loan Financing Account allocations are based on the number of existing 502 Direct loans and 515 projects in your State. Your State's initial Liquidating Account allocations are based on your FY 2011 Liquidating Account obligations. These funds have been posted in the Type 60 Foundation Financial Information System (FFIS).

All PLCE funds required in the Community Facilities Program are held in the National Office. Funding for Community Facilities PLCEs should be requested by completing and faxing Attachment 2 to Barbara Debose at (202) 690-0652.

Attachment 1 also lists your State's Salaries and Expense Account ("A" funds) initial allocation for FY 2012 (also posted in FFIS), under the current Continuing Resolution through November 18, 2011. This year's non-recoverable PLCE funds are only authorized for Single-Family Housing (SFH) mortgage releases, pre-approved

EXPIRATION DATE:
October 31, 2012

FILING INSTRUCTIONS:
Administrative/Other Programs

Multi-Family Housing (MFH) appraisals, pre-approved MFH cost certifications, SFH and MFH wage match, SFH bankruptcy fees, SFH inventory property inspections and interpreter services. No other uses of non-recoverable PLCE funds are allowed without prior National Office permission. Your State's initial "A" funds provided in Attachment 1 should be conserved for emergency SFH needs only during the Continuing Resolution.

To request specific MFH appraisals and/or cost certifications, contact Tom Ale at Thomas.Ale@wdc.usda.gov or (202) 720-1620. For all other emergency needs requiring "A" funds, contact Carl Muhlbauer at Carl.Muhlbauer@wdc.usda.gov or (202) 690-2141.

We will again need your cooperation in stretching our limited non-recoverable funding this year. Please check the accuracy of the Program Authority Codes (PACs) entered into FFIS for your State's PLCEs. Make sure you use the current PAC Tables (effective October 1, 2009) to verify the recoverability of each charge you submit. The SharePoint web site address for the Tables is:

<https://rd.sc.egov.usda.gov/teamrd/RD%20Program%20Loan%20Cost%20Information/Forms/AllItems.aspx?RootFolder=%2fteamrd%2fRD%20Program%20Loan%20Cost%20Information%2fRural%20Development%20PAC%20Codes&FolderCTID=&View=%7b55E32C01%2dBF9F%2d4DD9%2d868F%2d48E5150204E2%7d>

To get to this site, Ctrl-Click this hyperlink. If you have trouble Ctrl-Clicking this hyperlink, or if you have received this memorandum as a hard copy, go to the SharePoint site at the following address:

<https://rd.sc.egov.usda.gov/teamrd/default.aspx>

Then, on the upper left side of the screen, under "Documents," click on the Rural Development Program Loan Cost (PLC) Information link; then, on the next screen, click on "Rural Development PAC Codes."

Under provisions of the Credit Reform Act of 1990, each State has three non-transferable accounts to manage. The Direct Loan Financing Account, also referred to as the "R" Account, is used to pay PLCEs that are chargeable to a direct/insured borrower, property account, or subsidy funds in which the loan was obligated in FY 1992 or subsequent years. The Liquidating Account, also referred to as the "L" Account, is used to pay PLCEs that are chargeable to a direct/insured or guaranteed borrower or property account in which the loan was obligated prior to FY 1992. The oldest outstanding loan provides the basis for determining which recoverable ("L" or "R") Account to charge in the case of multiple loans. The non-recoverable Salaries and Expense ("A") Account is to be used to pay non-recoverable PLCEs that are not chargeable to a borrower, property account, or subsidy funds for all Housing and Community Facility programs.

Funding for PLCEs paid from cash proceeds from a sale and recoverable guaranteed loan expenses are not allocated. If you need to process a recoverable guaranteed program loan cost expense, please contact the Guaranteed Loan Branch of the Finance Office (St. Louis) at (314) 457-4192 for instructions.

Program officials are the only staff authorized to certify PLCE funds availability. Administrative officials (Contract Program Managers, Contract Specialists, Budget Analysts, etc.) are not authorized to certify PLCE funds availability. The Program Loan Cost Coordinator is responsible for monitoring obligations/disbursements of PLCE allocations by account to avoid violation of the Anti-Deficiency Act. Specifically, your State Office Housing Program section is responsible for determining and documenting how these funds will best be used to meet your program goals and objectives. It is also accountable for the proper use of these funds. State Offices are required to issue a State Administrative Notice identifying a methodology for controlling their funds, naming the program official designated to certify PLCE fund availability, and, if these funds are sub-allocated, distribute them by program and account. **A State should not request additional funding in any of its three PLCE accounts until it has obligated at least 90 percent of its current account funds.**

If field staff have any questions concerning this memorandum, they should contact their State Office. If State Office officials have questions concerning this memorandum, they should contact Carl Muhlbauer, Program Support Staff, at (202) 690-2141.

SUBJECT: Guidance on Multi-Family Housing (MFH) Transfer Tracking

This Unnumbered Letter (UL) introduces the MFH Transfer Tracking Tool and provides guidance on its use. In the past, previous MFH transfer tracking efforts were encouraged, but now that the new SharePoint transfer tracking tool is fully operational, its use and ongoing maintenance is to be used for all MFH transfers. Tracking provided by this tool will replace the survey of MFH transfers that have been coordinated through an annual unnumbered letter. The goals of this tool are to enhance the transparency of the transfer process, improve our ability to partner with third party-funders and assist all levels of the Agency in monitoring the status of transfer processing.

Implementation Responsibilities

All transfers currently in process or closed during FY 2011 need to be added to the tracking system and/or updated within 30 days of this UL. Please note there are new fields that identify third-party funding which will need to be updated. All data entered should reflect data provided on Form RD 3560-20. For all new transfer requests, the intake office should enter the request within a week of the "preliminary consultation" or receipt of a transfer application.

The transfer tracking tool is located on the MPDL SharePoint at:

<https://mfhdemoteam.sc.egov.usda.gov/default.aspx> using the following steps:

Open the "Transfer Tracking" link in the left hand column of the index. Click thru to your State.

EXPIRATION DATE:
October 31, 2012

FILING INSTRUCTIONS:
Housing Programs

If you don't see your transfer listed, you will need to establish it in the system by clicking "New" in the ribbon bar just below the heading "All Transfer Applications" and completing a new tracking form. YOU MUST ALWAYS CLICK "OK" TO SAVE YOUR INPUTS.

Although the template is reasonably self-explanatory, you will also find a supplemental Forms Manual Insert (**FMI**) attached to this letter for further reference. Changes or additional guidance on the use of the tool will be made available on the SharePoint site. If there are any questions, please contact your respective MPDL Team Leader.

TRANSFER TRACKING FMI

8/15/2011

Project Name	Enter the current name of the property being transferred
Project Site	Enter State name where property is located
AMAS ID	Enter the current AMAS ID and 3 digit project code for the project being transferred
Team Leader	Using the Drop Down box, select the name of your MPDL Team Leader
State Contact Person	Enter the name of a contact person in your state that may be contacted if information is needed, i.e. Program Director, MFH Coordinator
Number of Properties involved with Transfer	Enter the number of properties involved in the transfer, i.e. 1, 2 or 10
Underwriters Name	Enter name of the Loan Specialist that is responsible for underwriting this transfer
Date of Preliminary Consultation with Rural Development-Step 1	Enter the date when initial meeting or call was held with all parties to discuss proposal. If no meeting/call held; leave blank and add a comment under Application Comments
Date Transfer Application Received	Enter date transfer application received in office – NOTE: <i>Applications are to be Date Stamp when received.</i>
Application Decision by Rural Development	Using drop down box, select either complete or incomplete
Application Comments	Enter information on items missing, timeframe to resubmit, application returned, etc.
Date Assigned to Underwriter	Date transfer actually assigned to specific underwriter. <i>Completeness review may be completed by other staff member so date received and date assigned to underwriter may be different.</i>
Target Date for Rural Development Approval	Enter the date when the underwriting is estimated to be completed and transfer may be approved. Use timeframes set out in HB 3, Chapter 7.
Date Preliminary CNA Received	Enter date the preliminary CNA report is received. If multiple preliminary CNAs keep the original date and enter additional date(s) with comments in the box titled 'CNA comments'
CNA Comments	Use this area to identify any issues noted on preliminary CNA, date Provider notified, etc.
Date Rural Development accepts final CNA	Enter date the final CNA is accepted by Rural Development.
Date Appraisal Report received	Enter date appraisal report received by Rural Development
Appraisal Comments	Enter any issues identified with the appraisal and date appraiser notified
Date Rural Development Accepts Appraisal Report	Enter date Rural Development accepts appraisal report
Type of 3 rd Party Funding - 1	Using the Drop Down Box select each type of proposed funding and enter the required information. <i>There is room to enter up to 5 different funding sources.</i>
Dollar Amount of 3 rd Party Funding-1	Enter amount of funds to be received from funding source.
Commitment Date for 3 rd Party Funding - 1	Enter date when 3 rd party funds are committed. Enter commitment date for each individual funding source noted above
Required Closing date for 3 rd party funder-1	Enter date the funds for each 3 rd party funder must be closed.
Date of Rural Development Approval of 3 rd Party Funding	Enter date Rural Development approves the 3 rd party funding. Rural Development is to review proposed business terms, forms, income and/or restrictions, required by 3 rd party funders.

Date Field Underwriting Completed	Enter date the underwriter has completed underwriting the transfer, template complete, etc.
Date submitted to MPDL for review/concurrence	Enter date the State emails the request to MPDL for review. The request is to be emailed to Tonya Boykin at tonya.boykin@wdc.usda.gov with a cc to your Team Leader. Refer to HB 3, Chapter 7, paragraph 7.29 for information to be provided
Comments from Team Leader	
Date MPDL Concurs in request	Enter Date DA or delegate signs concurrence memo
Date MPDL Posts approved Template & signed concurrence memo	Enter Date MPDL representative posts information to the Transfer Tracking Website
Date Rural Development approves Transfer (Form RD 3560-20) "Multi-Family Housing Transfer and Assumption Review and Recommendation" signed	Enter date approval official signs and dates Form RD 3560-20 indicating approval.
Date Letter of Conditions (LOC) sent to applicant	Enter date LOC sent. <i>Date of LOC should be the same date letter is actually sent or a comment provided to explain different date.</i>
Comments related to LOC	
Date Transfer Closed	Enter date transfer closed. <i>This should be the same date shown in AMAS.</i>

SUBJECT: Single Family Housing (SFH) Direct Employee Training Curriculum

The Single Family Housing (SFH) Direct Loan Division has a comprehensive training curriculum in AgLearn comprised of twelve modules plus offline learning activities. This curriculum was completed in 2009, and remains a valuable training tool.

The purpose of this curriculum is to familiarize the user with the tools and resources used in delivering the Single Family Housing Programs including navigating such resources as Handbook 1-3550. The curriculum also includes terminology, programs, procedures, and regulations that are needed to carry out the Rural Development mission.

Rural Development achieves its mission of increasing economic opportunity and improving the quality of life by helping rural individuals, communities, and businesses obtain the financial and technical assistance needed to address their diverse and unique needs. The purpose of the Direct Single Family Housing Programs is to provide low and very low income individuals the opportunity to own modest, decent, safe and sanitary homes in rural areas.

See the attachment for specific instructions on how to access the curriculum on AgLearn.

If you have any questions, please contact Antonio Burkett at 202-205-3656.

October 21, 2011

TO: State Directors

ATTN: Administrative Program Directors
Management Control Officers

FROM: Clyde Thompson */s/ Clyde Thompson*
Deputy Administrator
Operations and Management

SUBJECT: Fiscal Year 2012 State Internal Review Handbook

The Financial Management Division (FMD) has been working closely with the Information Resources Management (IRM) staffs in the National Office and St. Louis, Missouri, to update and issue the Fiscal Year (FY) 2012 State Internal Review (SIR) Handbook. The handbook includes review guides and corresponding spreadsheets for calculating compliance scores.

The updated SIR Handbook has been tested and certified by the IRM staff in St. Louis. In addition to the testing and certification, the IRM staff in St. Louis has loaded the updated handbook on the Intranet at:

<https://rd.sc.egov.usda.gov/teamrd/rdom/cfo/fmd/sir2012/default.aspx>

Management Control Officers (MCOs) were notified by e-mail on October 3, 2011, of this update and availability for downloading from the Intranet. The MCOs should ensure they obtain the latest updates to the SIR Handbook.

The following items will continue to be documented and reported on the "Summary of Review Findings," at the SIR exit conferences, and in all final SIR reports:

1. Loans/grants reviewed with processing/servicing deficiencies,
2. The total value (original loan/grant amount) of the above deficient loans/grants, and
3. Recurring weaknesses from the previous SIR(s) of the same field office/centralized program function.

EXPIRATION DATE:
October 31, 2012

FILING INSTRUCTIONS:
Administrative/Other Programs

The subjects reviewed (i.e., employees, files, offices, etc.), total of subjects reviewed, and total of subjects reviewed with deficiency findings will still need to be captured and reported in the Automated Reports Tracking System.

If you have any questions or need additional information, please contact Diana Wareham of FMD, at (202) 692-0044 or diana.wareham@wdc.usda.gov.

Sent by Electronic Mail on 10/25/11, at 02:00 p.m. by FMD. State Directors should advise other personnel as appropriate.

Rural Economic Area Partnerships
Fiscal Year 2011

We have recently completed the Rural Economic Area Partnerships (REAP) funding cycle. The National Office received ten requests for funds totaling \$967,207. We are pleased to announce that all projects were selected for funding. Attached is the list of awardees.

This completes the REAP funding cycle for fiscal year 2011 established in RD Instruction 1940-L. All earmarked funds allocated must have an obligation date of no later than July 15, 2011. Any funds not obligated by that date will be pooled and used as unrestricted reserves in the July 2011 National Office Reserve funding cycle.

SUBJECT: Rural Economic Development Loan and Grant Program
Projects Funded for July, Fiscal Year 2011

Business Programs has announced loan and grant selections for the July funding of fiscal year (FY) 2011 under the Rural Economic Development Loan and Grant program. A listing of the loan and grant awards is attached for your information.

During the July cycle of FY 2011, four zero-interest loan applications, totaling \$2,917,500, were considered by Business Programs. Based on the availability of funds, all applications were selected for funding. These funds will be leveraged by \$17,732,627 of private and public financing, directly creating an estimated 34 and retaining 301 jobs in rural areas.

In addition to the loan selections, one grant, totaling \$300,000, to finance a revolving loan fund program that will be operated by a rural utility, was selected for funding. The initial zero-interest loan from the revolving loan fund program, leveraged by \$70,000 in private financing, will provide financing to purchase a certified Electronic Medical Record System for a medical center. An estimated 19 jobs will be created as a result of this grant.

If you have any questions, please contact Melvin Padgett, Loan Specialist, at (202) 720-1495 or Cindy Mason, Loan Specialist, at (202) 690-1433, Specialty Programs Division, Processing Branch.

ATTN: Program Directors
Multi-Family Housing

FROM: Tammye Treviño (Signed by Robert Lewis) for
Administrator
Housing and Community Facilities Programs

SUBJECT: Implementation of Revisions to Unauthorized Assistance

The purpose of this Unnumbered Letter (UL) is to provide guidance in implementation of the revision of HB-3-3560, Chapter 9, Unauthorized Assistance (UA), as set out in Procedure Notice (PN) #450, dated July 29, 2011.

HB-3-3560, Chapter 9 is revised to process UA as an audit receivable. Any newly identified UA accounts, as of July 29, 2011, will be handled in accordance with the newly revised Handbook provisions. HB-3-3560, Chapter 9 covers Agency procedures for identifying and collecting UA received by tenants and borrowers. Section 4 discusses recapture of UA to borrowers, and Section 5 discusses recapture of UA to tenants. In order to assist the field in the recapture of UA, Handbook Letters 304 and 305 (3560) were added. They are the Preliminary Determination Notice and Final Determination Notice/Demand Letter. Along with these letters, Form RD 3560-65, "MFH Unauthorized Assistance Notification/Repayment Agreement," has been added.

Some key points include:

- The Agency will seek repayment of all UA;
- The amount due will be the amount stated in the notice letter (HB Letters 304 or 305(3560));
- When all attempts to obtain a repayment agreement fail or if a repayment agreement is reached, Form RD 3560-65 will be completed and forwarded to Deputy Chief Financial Officer, Direct Loan and Grant Branch (DCFO/DLGB) so the UA can be established as an audit receivable. The burden of collection is shifted to the DCFO/DLGB, rather than Management or the Servicing Office;

EXPIRATION DATE:
November 31, 2012

FILING INSTRUCTIONS:
Housing Programs

- Servicing Office will notify management agents of the new procedure to not correct the project worksheets as an adjustment for the UA debt, on these newly discovered debts. On existing debts the adjustments to project worksheets will also be discontinued, and CSC will work with the borrowers to submit a check to CSC for the repayment of UA.
- No interest will be charged against the debt if the borrower/tenant agrees to repay the money in a lump sum or by payment plan within 90 days from the date of debt on Form RD 3560-65;
- A repayment longer than 90 days will charge a fixed interest rate using the 3 month Treasury Constant Maturities percentage based on the date of the debt on Form RD 3560-65. Any repayment agreement will show the payment due as the 15th of the month and at least 21 days from the fax date of Form RD 3560-65. The repayment period may be no longer than 24 months from the date of the first payment due.
- The 3 month Treasury Constant Maturities percentage rate can be found at: <http://www.federalreserve.gov/releases/H15/current/default.htm> . Locate the release date before Date of Debt (Agency signature date).
 - If you need a date in the current week select “Daily Update”.
 - If you are searching for a date prior to the week you are in, select “Release Dates”. Locate and select the first release date before the Date of Debt.
 - Go down to Treasury Constant Maturities – 3 month, and select the rate for that day.
 - The attached Level Debt Installment Worksheet will be used to calculate the amortized installment (rounded up to the next whole dollar), and will be faxed by the servicing office to DCFO/DLGB along with Form RD 3560-65. (Fax 314-457-4283) This Excel spreadsheet, titled “Unauth Chapter 9 Installment Calculation” can be found in the MFH Information Sharepoint site at: <https://rd.sc.egov.usda.gov/teamrd/hc/fp/mfh/MultiHousing%20Family%20Information/Forms/AllItems.aspx> .
 - Please note: The Treasury listing of the interest rates (3 month Treasury Constant Maturities) is reflected as a percentage – for example the week ending 7-1-11 shows .02 which is .02% and would be shown on the worksheet to figure the amortized installment as .0002. If the rate is shown as 1.47 it would be listed on the worksheet as .0147.
- If no agreement is made with the borrower or tenant, the servicing office will fax Form RD 3560-65 to the DCFO/DLGB with no debtor signature, to begin the process of referring the debt to Treasury for collection actions. No interest rate or payment agreement will be reflected on the form in this case.

After the servicing official faxes both the Form RD 3560-65 and Level Debt Installment Worksheet (if applicable) to DCFO/DLGB, the following will take place:

- If the agreement was for a lump sum payment, or payments to be submitted in less than 90 days, the Servicing Office will collect the payment from borrower/tenant and mail payment to the Centralized Servicing Center (CSC) Multifamily Housing (MFH) Lockbox, at “**USDA Rural Development, MFH Payments, P.O. Box 979082, St. Louis, MO 63197-9000**”, with a MFH Transmittal form. MFH Transmittal form can

be found in the MFH Information Sharepoint site at:

<https://rd.sc.egov.usda.gov/teamrd/hcftp/mfh/MultiHousing%20Family%20Information/Forms/AllItems.aspx?RootFolder=%2fteamrd%2fhcftp%2fmfh%2fMultiHousing%20Family%20Information%2fCSC%20Teleconference%20Notes&FolderCTID=&View=%7bCE2DA827%2dDCED%2d42FC%2d893C%2d94885F5AE3DB%7d>

- If the agreement is a monthly agreement of greater than 90 days, the DCFO/DLGB will mail a monthly billing invoice directly to the tenant/borrower. All unpaid debt balances delinquent for more than 30 days from the schedule bill due date or after the lump sum due date will begin the process for potential Treasury referral. The tenant/borrower will be provided mailing instructions on the billing invoice directing them to mail payments to the CSC/MFH Lockbox.
- For payments received by the servicing office, MFH Transmittal Form will be completed and mailed with payments and any associated documents to the CSC/MFH Lockbox.
- If the UA is due from the tenant, the Servicing Office will add a Tenant Tracked Account in MFIS, after faxing the Form RD 3560-65. As payments are made, CSC will update the tracked account, regardless of where the payments are collected.
- If the UA is due from the borrower, the Servicing Office will add an “Other” Tracked Account (Unauthorized Assistance Account) in MFIS, after faxing the Form RD 3560-65. As payments are made, CSC will update the tracked account.
- If the account is turned over to Treasury for Cross Servicing, CSC will update the tracked account to indicate the referral.
- The Servicing Office will add a servicing effort in MFIS, 2029 - Collect Unauthorized Assistance, and populate the tracking steps as follows: Identified - date of Form RD 3560-65; Paid - when debt is fully paid; and Follow-up - as needed. Payments on these accounts will be serviced by DCFO/DLGB, so no further follow-up is needed by the Servicing Office.
- Any adjustments to an incorrectly figured debt or debt repayment by the field or identified by DCFO/DLGB will be made by amending Form RD 3560-65 and faxing to DCFO/DLGB for notification, or by faxing a memorandum signed by the recipient and Rural Development.

UA determined before the issuance of PN #450, dated 7/29/11, for revisions to HB-3-3560, Chapter 9 will retain their original agreements for repayment. We will be providing a list in the near future of old open debts for the Servicing Office to verify the status.

If you have any questions, please contact Diane Larson with MFH Portfolio Management at (712) 243-2107 Ext. 124.

SUBJECT: Property and Repair Inspections for Direct Single Family Housing
Programs in Fiscal Year 2012

This unnumbered letter (UL) replaces the previous UL “Property and Repair Inspections for Direct Single Family Housing” of March 14, 2011, expiring September 30, 2011. Fiscal Year (FY) 2012 should prove to be challenging for Single Family Housing employees and with this in mind, we will continue with efforts to streamline processes. This unnumbered letter relaxes certain inspection requirements to provide flexibility to the field staff to allow them to focus on more significant issues.

Preliminary Inspections

The Field Office Handbook (HB-1-3550), Chapter 5, paragraph 5.1.B.1, states that “within seven business days of submission by an applicant who has been determined eligible for section 502 assistance, the Loan Approval Official must visit the property to conduct a preliminary evaluation.” The purpose of this evaluation is to determine whether it appears that a property will meet the agency’s site and dwelling requirements with any planned construction or rehabilitation. Paragraph 5.1.B.1 also notes that the initial site visit is an opportunity for the Loan Approval Official to gather initial information which may be used in the completion of the environmental review. The Loan Approval Official must complete an environmental review in accordance with Section 3 of Chapter 5.

EXPIRATION DATE:
October 31, 2012

FILING INSTRUCTIONS
Housing Programs

In order to maximize our staffing levels, we are temporarily modifying the HB-1-3550 requirements as follows: Effective immediately, until September 30, 2012, Rural Development will accept qualified, third-party inspectors' whole house/property inspections instead of requiring Rural Development to visit the property and complete Attachments 5-A and 5-B of HB-1-3550. Before loan approval, Rural Development must review the appraisal report and the results of third-party inspections, as applicable, and confirm that the property meets, or will meet with any planned constructions or repairs, all applicable Agency requirements. In addition, Rural Development is not required to conduct a site inspection prior to completing the environmental assessment if an appraisal has been completed and the question in the "Site" portion of the Uniform Residential Appraisal Report (URAR) asking "Are there any adverse site conditions or external factors (easements, encroachments, environmental conditions, land uses, etc.)?" is marked "No." In cases where this question is answered in the affirmative, a qualified Rural Development employee must conduct a site inspection prior to completing the necessary environmental assessment.

The requirements in Chapter 5, Section 3 "Environmental Requirements" of HB-1-3550 are required to be met. For rehabilitation, the preparer must, in coordination with the State Environmental Coordinator, make a determination whether the proposal will affect a historic property and consult with the appropriate State Historic Preservation Office (SHPO). For new construction, the preparer must adequately determine that any construction would not involve extraordinary circumstances that would necessitate preparation of an Environmental Assessment by the agency. The following resources may be used when completing Form RD 1940-22, "Environmental Checklist for Categorical Exclusions":

- The State's Natural Resource Management Guide;
- Federal Emergency Management Agency (FEMA) floodplain maps;
- Natural Resources Conservation Service (NRCS) Soil Surveys and Important Farmland Lists; and
- U.S. Fish and Wildlife Service (USFWS) Coastal Barrier Resource System maps (as applicable).

This list is not exclusive, and other appropriate resources may be consulted as necessary.

Making use of the flexibility outlined above will be most appropriate in jurisdictions that have code enforcement inspections that occur prior to transfer of title as well as where it is the customary practice to have sellers pay the cost of property inspection. In cases where the buyer is usually responsible for this cost and it is not practical to modify the sales contract, it may be advisable for a qualified Rural Development employee to fulfill the HB-1-3550 inspection requirements to avoid applicants having to absorb an inspection fee.

Rural Development must continue to conduct final inspections for section 502 and section 504 loan and grant projects.

State Offices with questions should direct them to the Single Family Housing Direct Loan Division at 202-720-1474 or SFHDIRECTPROGRAM@wdc.usda.gov.

Sent by Electronic Mail on October 17, 2011, at 8:40 a.m. by the Single Family Housing Direct Loan Division. Directors should advise other personnel as appropriate.

ATTN: Community Programs Directors

FROM: Tammye Treviño (Signed by Tammye Treviño)
Administrator
Housing and Community Facilities Programs

SUBJECT: Fiscal Year 2011 Management Control Review
Community Facilities Direct and Guaranteed Loan and Grant Programs

The purpose of this unnumbered letter is to emphasize some of the required Community Facilities (CF) policies and procedures that must be followed to ensure compliance with applicable Rural Development (RD) Instructions. As a result of the Fiscal Year 2011 Management Control Review (MCR) that was conducted on the CF Direct and Guaranteed Loan and Grant Programs, several strengths and weaknesses were identified. Although there were many strengths noted, we identified several weaknesses in the documentation of program files. The weaknesses identified were as follows:

1. Program files did not include evidence of RD approval of the borrower's accounting, and financial reporting system;
2. Program files did not include evidence that processing conferences were held as required;
3. Program files did not include evidence that adequate insurance and fidelity bond coverage is being maintained;
4. Executed Form AD-622, "Notice of Pre-application Review Action," could not be located in the program files or the form was not properly executed;
5. Program files did not include the Project Summary or Project Summaries were not fully complete;
6. Program files did not include evidence that pre-construction conferences were held;

Expiration Date:
November 30, 2012

Filing Instructions:
Community/Business Programs

7. Program files did not reflect that compliance reviews are being conducted timely;
8. Program files did not include the Federal Emergency Management Agency (FEMA) Form 81-93, "Standard Flood Hazard Determination Form" or the form was not fully complete;
9. Program files did not include Forms RD 3570-1, "Project Selection Priorities," 3570-2, "Worksheet for Computing Maximum Grant Assistance," and 3570-3, "Community Facilities Grant Agreement" or the forms were not properly executed;
10. Program files did not include evidence that management reports are being obtained timely;
11. Program files did not include evidence of construction inspection and/or progress reports;
12. Program files did not fully document the "Other Credit Requirement" as required in RD Instruction 1942-A; and
13. Loan/Grant documentation was not located in the usual program file positions as required.

Weakness 1

In accordance with RD Instruction 1942-A, §1942.17 (q)(1)(ii), prior to loan closing or the start of construction, whichever occurs first, each borrower shall provide to, and obtain approval from the RD loan approval official for its accounting and financial reporting system, including the agreement with its auditor, if an auditor is required.

Weakness 2

In accordance with RD Instruction 1942-A, §1942.2(c)(3), once an applicant is notified to proceed with an application, the Area Director should arrange for a conference with the applicant to provide copies of appropriate appendices and forms; furnish guidance necessary for orderly application processing; and to initiate a processing checklist for establishing a time schedule for completing items using Form RD 1942-39, "Processing Check List (Other than Public Bodies)," or Form RD 1940-40, "Processing Check List (Public Bodies)," or another checklist adopted for use in the state. The Area Director will confirm decisions made at this conference by letter to the applicant and by copy of the processing checklist. The original and a copy of the checklist retained in the Area Office should be kept current as application processing actions are taken.

Weakness 3

In accordance with RD Instruction 1942-A, §1942.17(j)(3)(i)(D), borrowers must provide evidence to RD that adequate insurance and fidelity bond coverage is being maintained. The borrower is responsible for updating and/or renewing policies or coverage which expired

between submissions to RD. Monitoring of insurance and fidelity bond coverage by RD is solely for the benefit of RD, and does not relieve the applicant/borrower of its obligation under the loan resolution to maintain such coverage.

Weakness 4

In accordance with RD Instruction 1942-A, §1942.2 (a)(2)(iv), Form AD-622, must be prepared by the Area Director within 45 calendar days from receipt of the pre-application by the Agency, stating the results of the review action. The original should be signed and delivered to the applicant with a copy to the State Director.

Weakness 5

In accordance with RD Instruction 1942-A, §1942.5 (a)(2) and (3), The Director, will include on Form RD 1942-43, "Project Summary" a written analysis and recommendations, including the availability of other credit and other eligibility determinations. The RD state staff engineer or architect will also include a written analysis and recommendations on Form RD 1942-43. All applicable sections on page 5 of the project summary must be executed.

Weakness 6

In accordance with RD Instruction 1942-A, §1942.18 (o) (1), prior to the beginning of construction, the owner must schedule a preconstruction conference where RD will review the planned development with the owner, its architect or engineer, resident inspector, attorney, contractor(s), and other interested parties. The conference will thoroughly cover applicable items included in Form RD 1924-16, "Record of Pre-construction Conference," and the discussions and agreements will be documented. Form RD 1924-16 should be used for this purpose.

Weakness 7

In accordance with RD Instruction 1901-E, §1901.204 (e)(2) (v) and 1901.204 (e)(3), initial compliance reviews should be conducted within the first reporting year after the loan is closed or after Form RD 400-4 is executed as required. Subsequent reviews should be conducted in intervals of at least 90 days or no more than 3 years after the previous review.

Weakness 8

In accordance with RD Instruction 426.2, the Federal Emergency Management Agency (FEMA) Form 81-93, "Standard Flood Hazard Determination Form" is required by the National Flood Insurance Reform Act of 1994. Program files must include documentation that flood insurance was obtained under the National Flood Insurance Program for all buildings financed by the Agency located within a Special Flood Hazard Area (100 year floodplain).

Weakness 9

In accordance with RD Instruction 3570-B, §3570.65 (f), grant dockets should include Forms RD 3570-1, "Project Selection Priorities," 3570-2, "Worksheet for Computing Maximum Grant Assistance," 3570-3, "Community Facilities Grant Agreement," and any required supporting documentation.

Weakness 10

In accordance with RD Instruction 1942-A, §1942.17 (q) (2), specific management data should be submitted by the borrower to the Area Director unless there is approval by the State Director to provide a substitution report to the Agency.

Weakness 11

In accordance with RD Instruction 1942-A, §1942.17 (p) (4) and (5) and 1942.18 (o) (2), inspection/progress reports are submitted for all construction unless a written exception is made by RD upon written request. Each owner is required to monitor and provide reports to RD on actual performance during construction for each project financed, or to be financed, in whole or in part with RD funds.

Weakness 12

In accordance with RD Instruction 1942-A, §1942.2 (a) (2), the State Director must review the application along with other information that is deemed necessary to determine whether financing from commercial sources at reasonable rates and terms is available. RD Program Directors should ensure that RD personnel fully documents that the applicant was unable to finance the proposed project from their own sources or through commercial credit at reasonable rates and terms.

Weakness 13

In accordance with RD Instruction 2033-A, loan documents should be located in their usual position. Community Facilities checklists are not being used to ensure that the loan dockets are complete and well-organized. Program Directors should stress to RD personnel to use the checklist so that files are complete and properly organized.

A material weakness is a deficiency that the Agency head determines to be significant enough to be reported outside the Agency. The weaknesses identified were not considered material. Although the weaknesses identified were not material, the weaknesses should be addressed and states should ensure compliance with program requirements. Noncompliance with program requirements could result in fraud, waste, or abuse of Agency funds. Proper documentation of files will help ensure that we are in compliance with applicable RD Instructions.

If you have any questions concerning this unnumbered letter, please contact Anita Outen at (202) 720-1497.
