

Committed to the Future
of Rural Communities

USDA Rural Development Can Assist Families, Communities, Businesses & Utilities Impacted By Recent Flooding/Storms

USDA Rural Development has served the citizens of Kansas and the Nation for over 70 years by living our mission to improve the quality of life and to enhance economic opportunities for rural communities and their citizens. USDA has a wide range of Agency programs to provide financing for Single and Multi-family Housing, Community Facilities, Business & Industry, Utility and Energy projects. Knowledgeable USDA staff can also provide needed guidance, technical support and the expertise to help you and your community to proceed on the path to recovery.

USDA Rural Development programs and staff can 'build a community from the ground up', supporting housing, business and infrastructure assets that a community needs to promote full, productive lives for its citizens. Working together, USDA Rural Development and local residents can support efforts to encourage your community to a wonderful place to live, work and play.

Single Family Housing Programs

Guaranteed Loans - Provides homeownership opportunities through Agency-approved lenders

- New construction of a family residence, or purchase an existing residence.
- For individuals and families.
