USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR THE CITY OF BONHAM

McKinney, Texas, August 26, 2003— Bryan Daniel, state director, Texas USDA Rural Development announces today that the City of Bonham received a \$38,425 loan and a \$30,000 grant through the agency's Community Facilities Loan and Grant program. The effort is part of USDA's national program to help provide rural areas with safe, dependable water and modern sewage systems.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used for the purchase of an Ambulance. The new Ambulance will serve the residents of Bonham, Fannin County and the surrounding area. The population that will be served by this new Ambulance is 6,686.

In Fiscal Year 2002, a total of \$12 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers, and schools.
