USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR THE CITY OF KOUNTZE

Kountze, Texas, August 28, 2003— Bryan Daniel, state director, Texas USDA Rural Development announces today that the City of Kountze received a \$25,000 loan and a \$25,000 grant through the agency's Community Facilities Loan and Grant program. The effort is part of USDA's national program to help provide rural areas with safe, dependable water and modern sewage systems.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used for construction of a public library. The new library will consist of a 5,600 square foot facility with a meeting room to hold up to 35 persons, a quiet study room, and a larger children's area. The library will serve the citizens of Kountze, Hardin County, Texas. The population of the area the library will serve is approximately 2,115.

In Fiscal Year 2002, a total of \$12 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers, and schools.
