These loans require no down payment or mortgage insurance and can be made for up to 100% of the market value of the property, which in some cases allows for financing of the closing costs. Loan terms are from 30 to 33 years, with fixed interest rates. Payment assistance is available, based on family size and income, which may reduce the interest rate on the loan to as low as one percent (1%).

USDA Rural Development also administers Home Repair Loans and Grants for qualified very low-income owner-occupants.

Grant funds are available for homeowners 62 years of age and over who cannot repay a loan and must be used to remove health and safety hazards. Such hazards as repairing roofs, heating, electrical and plumbing systems, water and waste disposal, installing windows, insulation and other items to make the home safe. Grant assistance may not exceed a lifetime maximum of \$7,500.00.

Home Repair Loans may include similar purposes as the grant, but may also be used to modernize and bring a home up to standards, make changes for convenience, add a room, remodel and make overall improvements to the home. The loan term can be up to 20 years with a fixed one-percent (1%) interest rate. The loan amount cannot exceed \$20,000.00.

The USDA Rural Development office day will be held at the Downtown Community Center at 508 S. Oak, Pecos, Texas.
