USDA Rural Development Value Added Producer Grant Meeting to be Held

COLLEGE STATION, Texas, June 16, 2004 – USDA Rural Development State Director Bryan Daniel announced today that the Agency will hold a seminar to discuss the Value Added Producer Grant program. The meeting will be held at 10:00 a.m. on June 30, 2004, at the Brazos County Precinct 4 VFD, 6357 Raymond Stotzer Parkway (corner of FM 60 and Lightsey Lane), College Station, Texas.

“This grant program will foster the development of value-added projects to help create the opportunity for economic development and job creation in rural areas,” said Daniel. “USDA Rural Development is committed to providing the necessary tools to help rural businesses create jobs and improve the quality of life for their communities.”

Authorized as part of the 2002 Farm Bill, the Value-Added Agricultural Product Market Development Grants program provides an opportunity to refine agricultural commodities and products to increase their value in the marketplace. Grants may be used for planning activities and working capital for marketing value-added agricultural products and for farm-based renewable energy. Eligible applicants are independent producers, farmer and rancher cooperatives, agricultural producer groups, and majority-controlled producer-based business ventures.

State Director Daniel encourages individuals interested in USDA Rural Development’s Value Added Producer Grant Program to attend this seminar and to contact their local office. The USDA Rural Development local office that serves this area is located at 3833 South Texas Avenue, Suite 117, Bryan, Texas. The telephone number is (979) 846-0548, ext.4.
